The Hancock Invincibles, under command of Captain W. Whitefield Welsh, have sent off for their uniforms adopted at a meeting held a few evenings since. The uniform consists of a tin helmet (like that adopted by Captain Fondersmith's Republican company), a blue flannel shirt with the letters H. and E. inscribed on the breastplate, white neckties, white belt and torch. To this will probably be added white gloves. The uniforms are expected here in a few days.

#### Resisting an Officer.

Between 1 and 2 o'clock this morning Officer Coyle picked up Mary Sl well-known street-walker, in the Pennsylvania railroad depot. She resisted arrest, and in her resistance was assisted by Geo. Rote, otherwise known as "Hoggy" Rote The officer called for assistance, and Jacob Heline responded. After considerable struggling, during which Miss Sherlock severely bit the officer's hand and Heline's arm, the woman and "Hoggy" were secured and taken to the lock-up. This morning they had a hearing and Mayor MacGonigle committed the woman for 30 days and the man for 25 days.

This afternoon shortly after 2 o'clock Rote was taken before Judge Patterson on a writ of habeas corpus with a view to his discharge. For want of time the judge declined to hear the case before next Saturday afternoon at 3 o'clock.

### THE EAST END.

Attractions in That Locality. Among the many splendid views of beautiful landscape about our good city none compares in extent and richness with that from the reservoir location, looking north, south, east and west, taking in the city and many square miles of our most highly cultivated rural districts. Just now, when the early autumn is tinging the foliage with bright colors, the beauties of this view are greatly enhanced, and it is well worth a walk out that way to see what a gladsome picture is displayed to the enraptured view on every hand. The tide of improvement too surges toward the East

End and the development made in that direction in the past decade is something Friday afternoon and evening, October 22 marvelous. From St. Anthony's church to Witmer's bridge there has been a steady and uninterrupted march of progress and while scores of substantial public and private E. K. Apgar and others. buildings have been crected, new streets laid out, pavements and gutters laid, gas and water extended, there has been a steady rise in the value of property and a growing appreciation of the desirability of locating houses in that neighborhood. Mr. Clark's sale of lots last fall greatly stimulated this growth, and purchasers then find themselves in possession of lucky investments. The 1880 sale comes off this week and is likely to be well attended.

A Handsome Improvement. For some time past workmen have been engaged in putting a new front in Frederick Kinzler's brick building, Nos. 161 and 163 North Queen street, and occupied by Mr. Kinzler as a boot and shoe store. The work is now finished and the building is one of the most attractive on the street. The new front is of the Queen Anne style of architecture, the wood-work of solid ash of very of chaste design and elaborately Fraud.

The New York Tribune, speaking of Mr. Jefferson's compliance at last with the general public desire that he should appear in some other part than Rip Van Winkle, says: "He has not tired of his old character any more than the public has tired of it; but he has felt the mental need of a change, and he has recognized the claims of the new generation of play-goers upon that versatility of art, and those resources of fac ulty and humor, which gave enjoyment to theatrical andiences of an earlier time, and which laid the basis of his professional renown." Help to Mothers Nursing Infants. It is a conceded fact that mothers who have the care, anxiety and draught of nursing in fants, are weak and need the aid of some strengthening tonic to make up the nourishnent required for the growth of the child. Ale, porter and lazer beer have often been re commended. Of late, since physicians have become aware that the Port Grape Wine produced by Alfred Speer, of Passaic, N. J., is strictly pure, they have prescribed it instead of ale and porter. This wine is principally sought for by mothers who have nursing in fants at the breast, as the best supplying medicine to be found.
